

# APC Back-UPS™ 400

Part Number: BE400-GR

## Battery Backup with Surge Protection for Computers and Electronics

APC by Schneider Electric's Back-UPS 400 provides enough battery backup power so you can work through short length power outages. It also safeguards your equipment against damaging surges and spikes that travel along utility and phone lines. The Back-UPS series is "greener" than ever, using an ultra-efficient design that consumes less power during normal operation than any other battery backup in its class. This reduces your energy costs and environmental impact. Combined with all of the standard features of the Back-UPS series, the 400 is the perfect unit to protect your productivity from the constant threat of bad power and lost data.
